TOWER
U.W. STOUT
VOL. LXIX

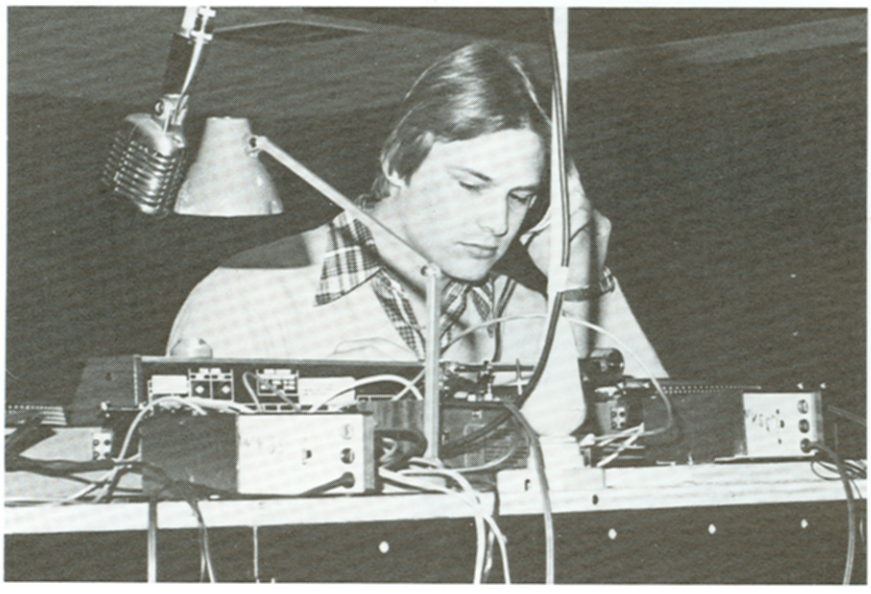

Reaching for the future, the past is often left behind—seeking for new adventures, old ones are sometimes forgotten. As you leave, take all—all that is new and all that is old to help pave the way for the unknown.

UW-Stout Homecoming

"Camp 'Em in their Wigwams!"

What would Homecoming be without all the activities? Among the many events prior to Homecoming were the 3rd Annual Home Economics Conference, The Miss Atrocious Contest, and our delicious Brat Sale. Residence Halls participated in the fun too—HKMC had floor contests for a meal at the Knapp House. The Missouri Woodland Band captured the attention of many as they strung out tunes at the Pawn. But Homecoming wouldn't be Homecoming without the parade, the coronation, the game, and the Dance—not to mention the parties!

Being uptown, as many know, was wall to wall PEOPLE. While some were living it up after a hard day's work, our policemen were busy controlling a riot and making 75 arrests. Even so, the whole week was something to remember.

CKTO THANKS
NEW HOLLAND & HAROLD

GRID IRONS . . . AND GOAL POSTS

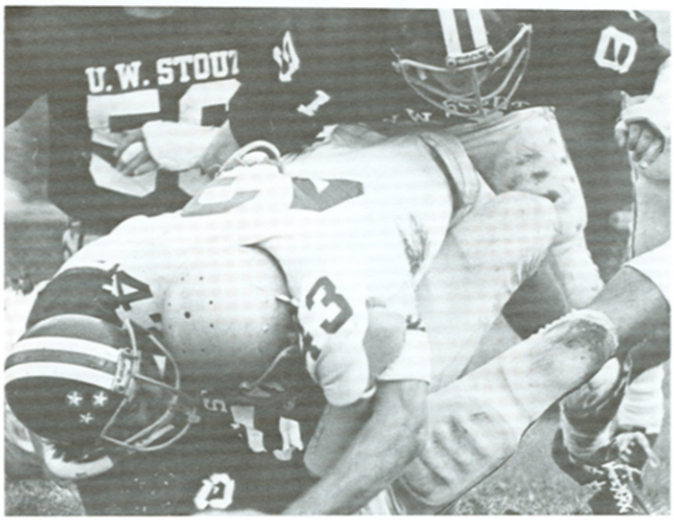

The Blue Devils' fire was put out with unsuccessful attempts at a victory. But nevertheless, the team continued to fight back to show they still had the spirit!

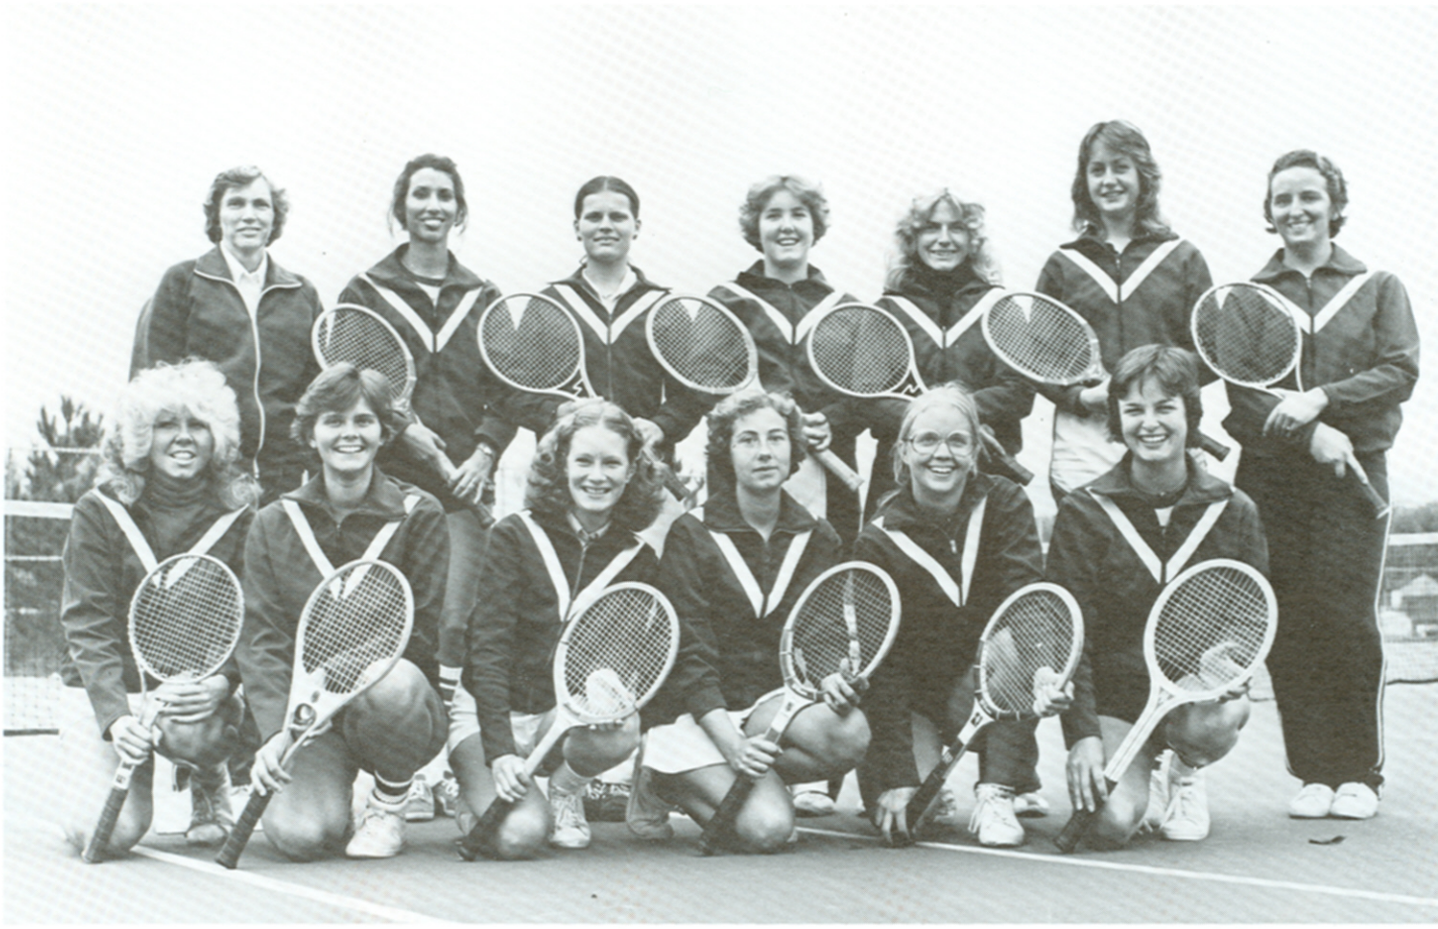

TENNIS: A SMASHING SPORT

VOLLEYBALL TEAM DOES THE BUMP

Serve, bump, volley, set, spike—the smashing game of volleyball!

SMC
2

THE KICKERS

Ever see feet move faster than those of Fred Astaire? Then take a look at our Soccer team, kicking the ball, heading for the goal, and using all sorts of strategy to get there.

TAKE FLIGHT

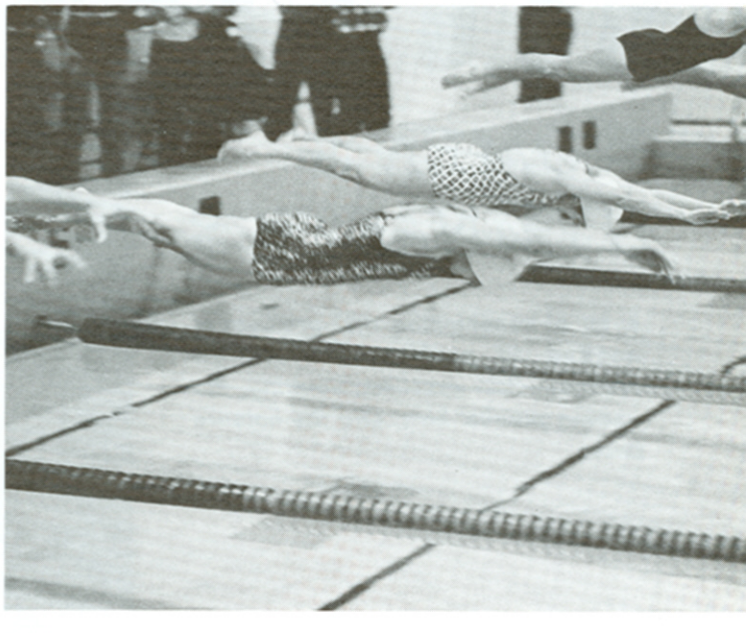

Off to a "splashing" start and on the way to a victory whether with the butterfly, breast stroke, back stroke or freestyle . . . Women's Swim.

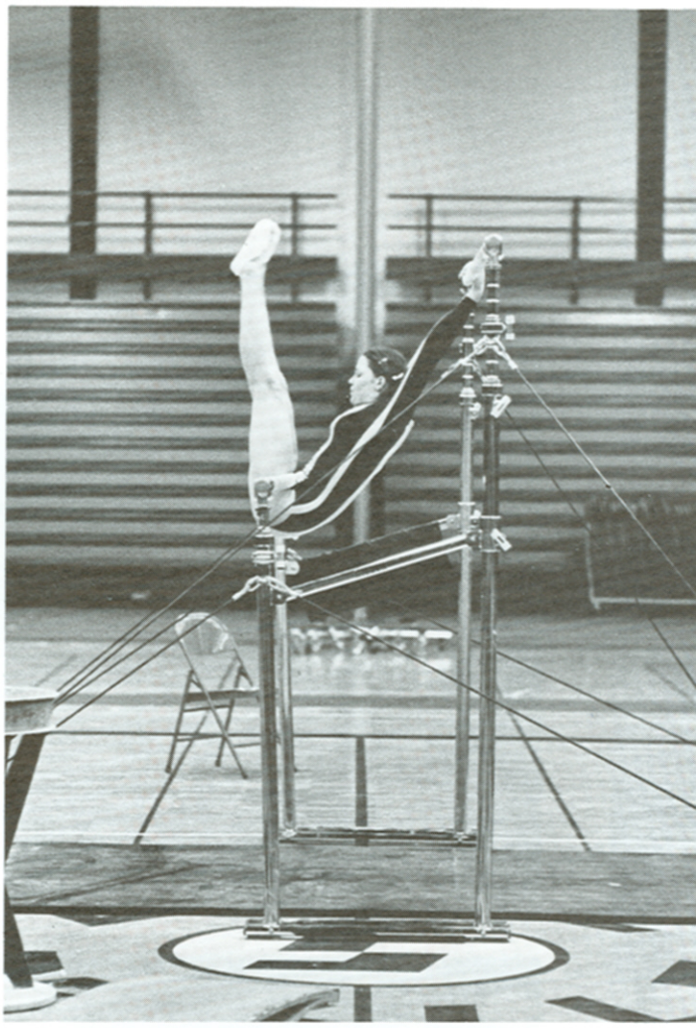

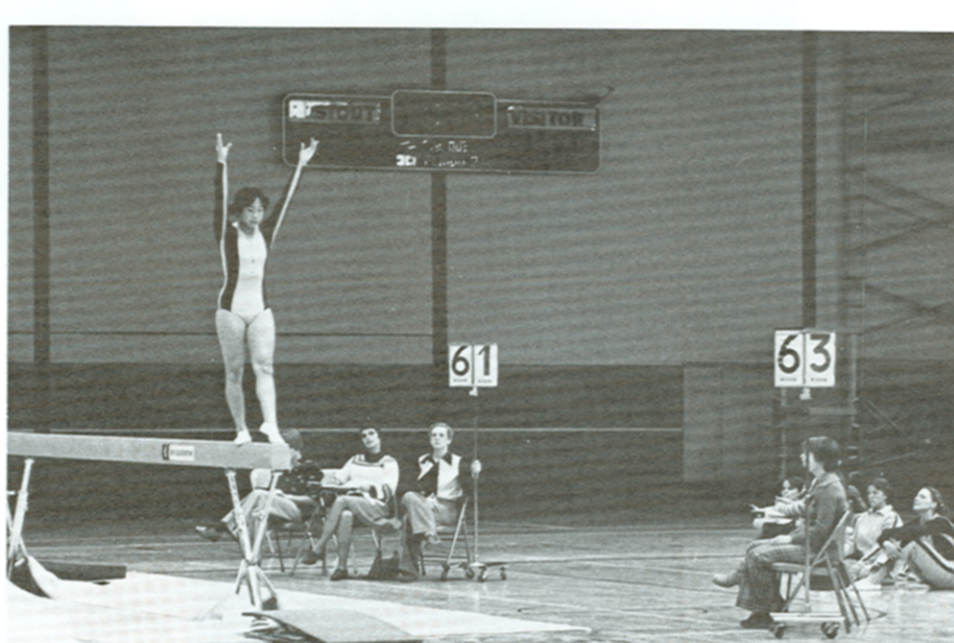

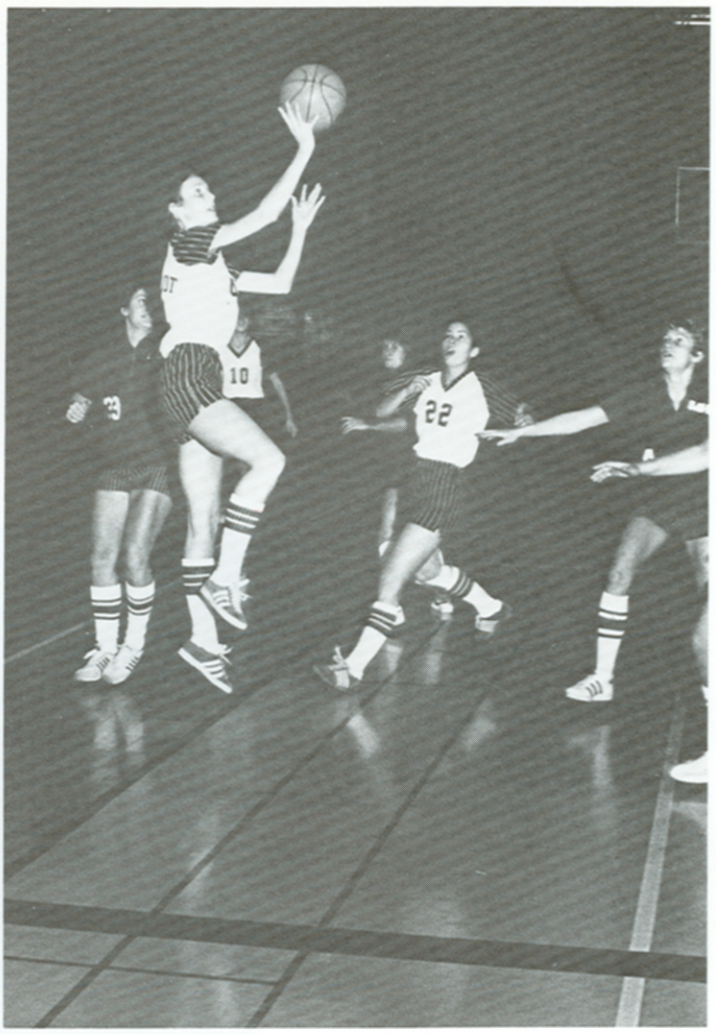

WOMEN'S GYMNASTICS

A lot of conditioning and precision is needed to perform well in all routines—floor exercises, vaulting, the uneven parallel bars, and the balance beam.

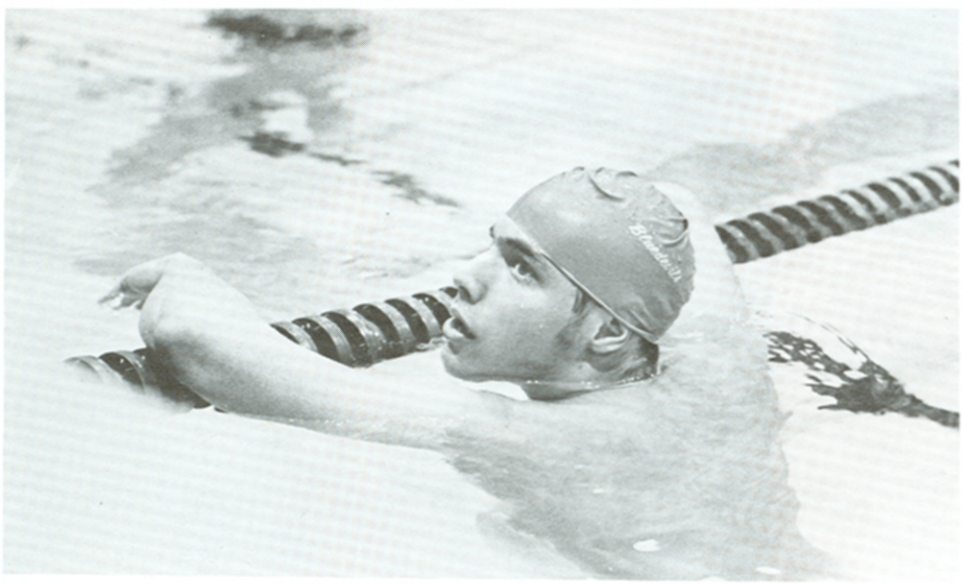

WOMEN— ON THE COURT

Passing, dribbling, running and shooting against guarding, rebounding, and intercepting—the strategy for winning the game.

FIN MEN

Here they come—the "Flippers" of Stout—diving, stroking, kicking and gliding their way to victory.

3FT 6IN

HORSING AROUND

Exercise and concentration, both a necessary part of working out; whether performing floor routines or on the many pieces of apparatus—the rings, pommel horse, horizontal bar, parallel bar and vaulting. What an invigorating sport!

PUCKSTERS

Icing, holding, checking, and charging are descriptive of the fastest game—Ice Hockey. The Blue Devil Ice Machine hold their games in the Dunn County Ice Arena.

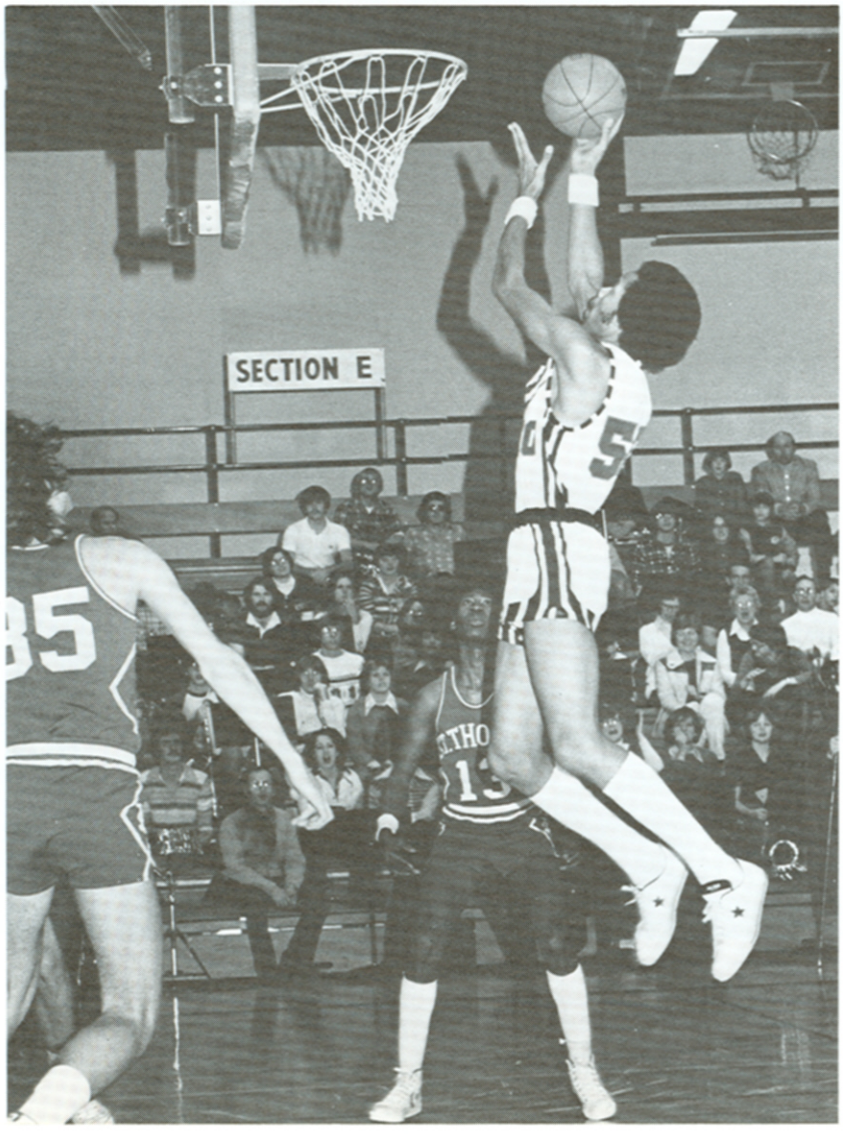

SWISH!

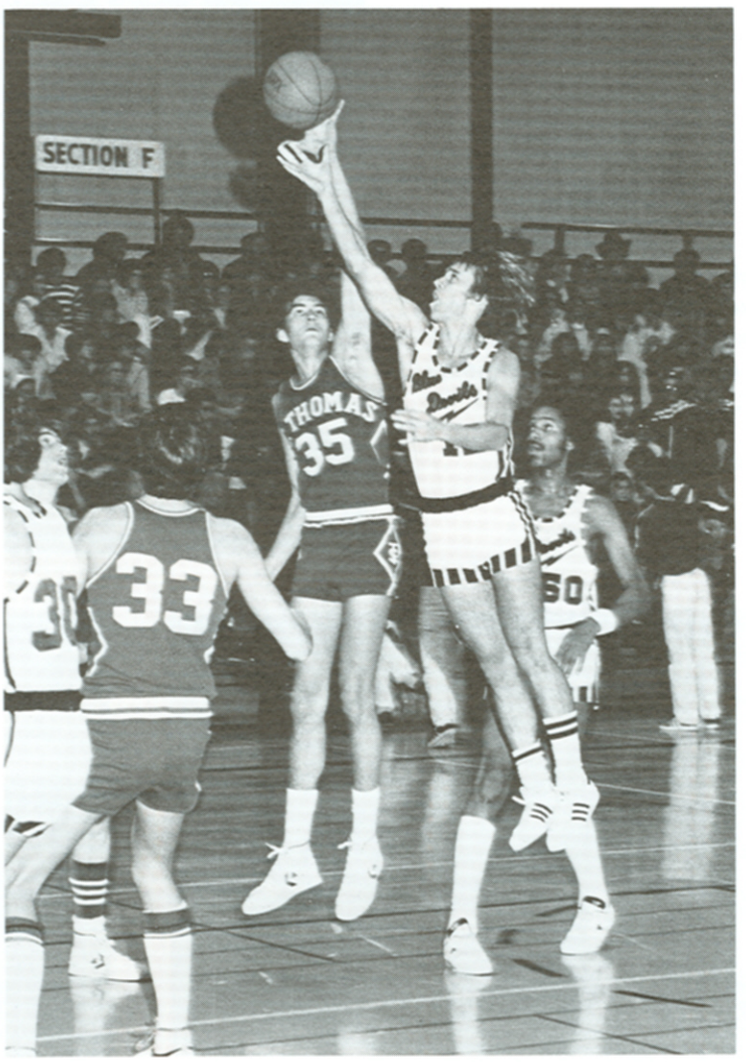

Hustling, the crowds, work, being nervous, the big game, practice, winning and losing—all are part of the game—the games of basketball and of life.

MAT MEN

Who are these masked men wriggling around on the mat, tightening the hold on their opponents and pinning them down? Who else but Stout's Wrestling Team.

OFF AND RUNNING

Long and short distance running, hurdling, jumping—just a few of the things the track and field team competes in.

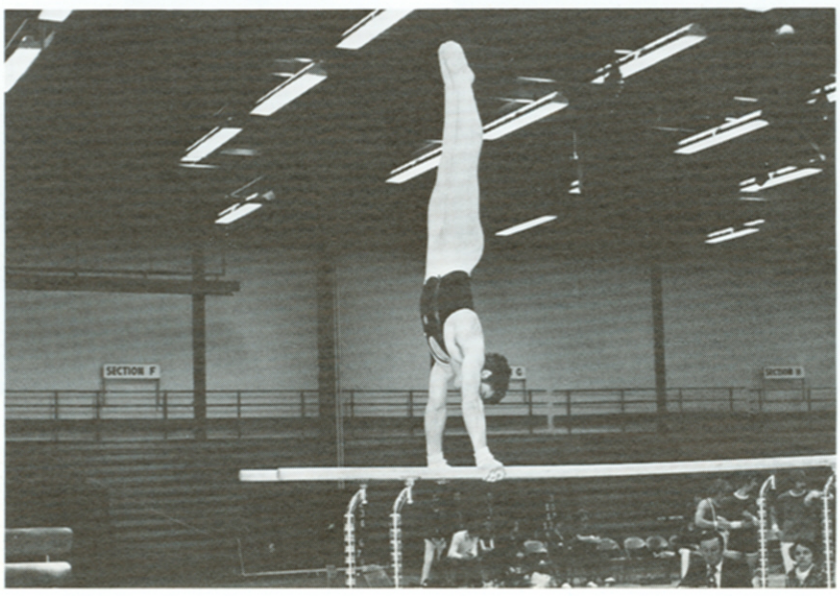

NISSEN

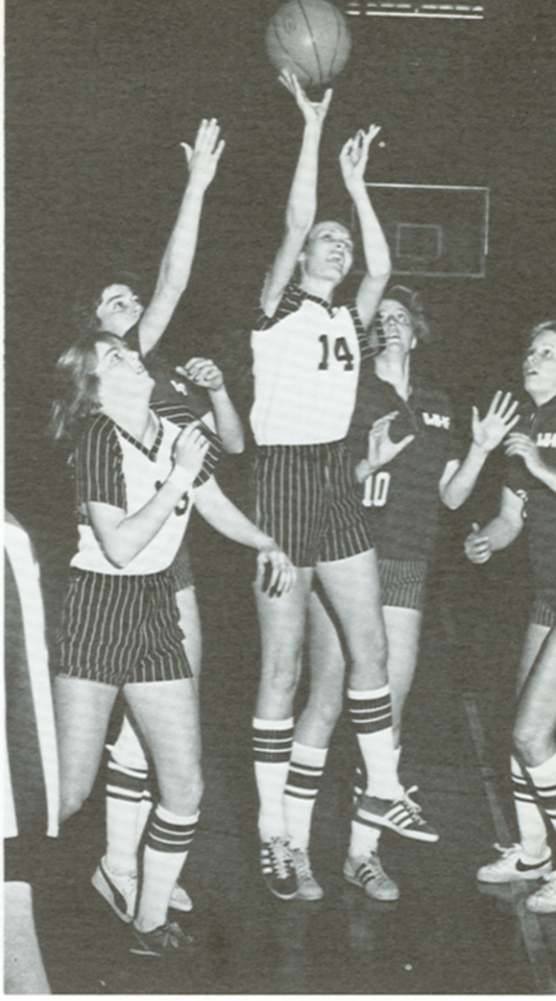

SECTION F

ADMINISTRATION

Responsibility rests in the hands of these four men: Chancellor Swanson, Vice Chancellor Face, Dr. Sommers and Dean Wood. They are responsible to the regents, the U.W. system and, above all, the students at Stout.

STUDENTS

Rise and shine for another day of listening, writing, reading and studying. Always a challenge, always a chore, but in the end you'll know even more.

GREEKS. . .

. have changed, they're no longer molding people to fit a particular group.

Parties, Homecoming, Alumni get-togethers, Greek week, Pledging, Philanthropic activities, and Work projects—all those are part of Greek life.

Greeks, are always a part of UW-Stout. They do not dissolve as easily as a dorm floor, but live on to give Stout more dimension during and after their college years.

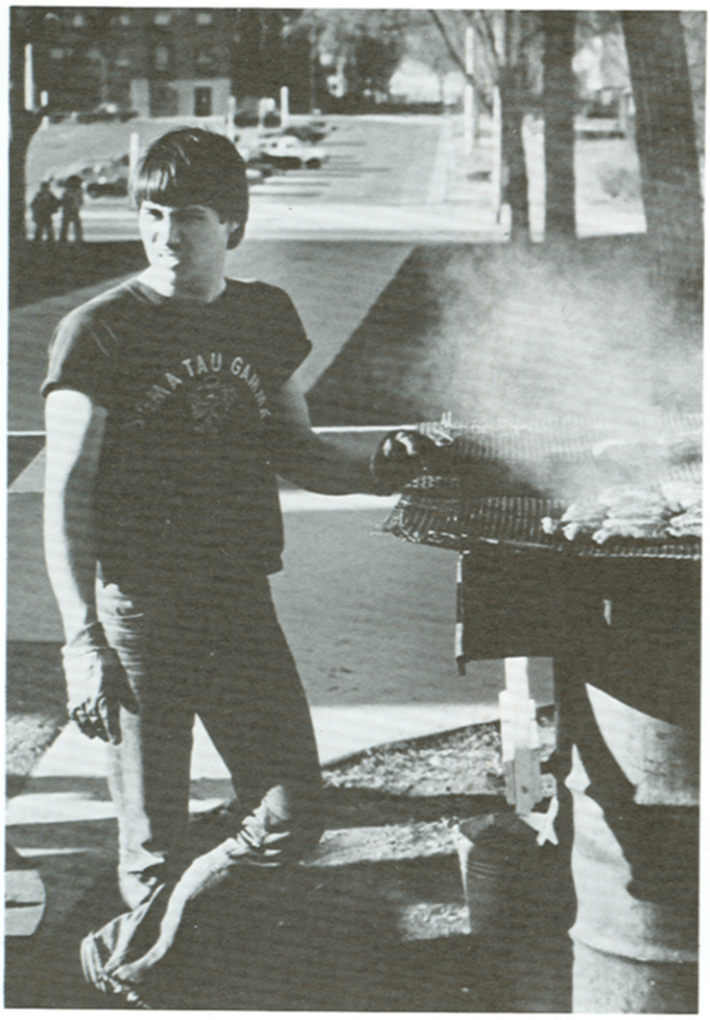

X Λ
X ΓΗΙ ΓΑΜΒΔΑ X
Λ Λ

HALLOWEEN

Goofy, bloody, unusual, dramatic; that's what it's all about—Halloween!

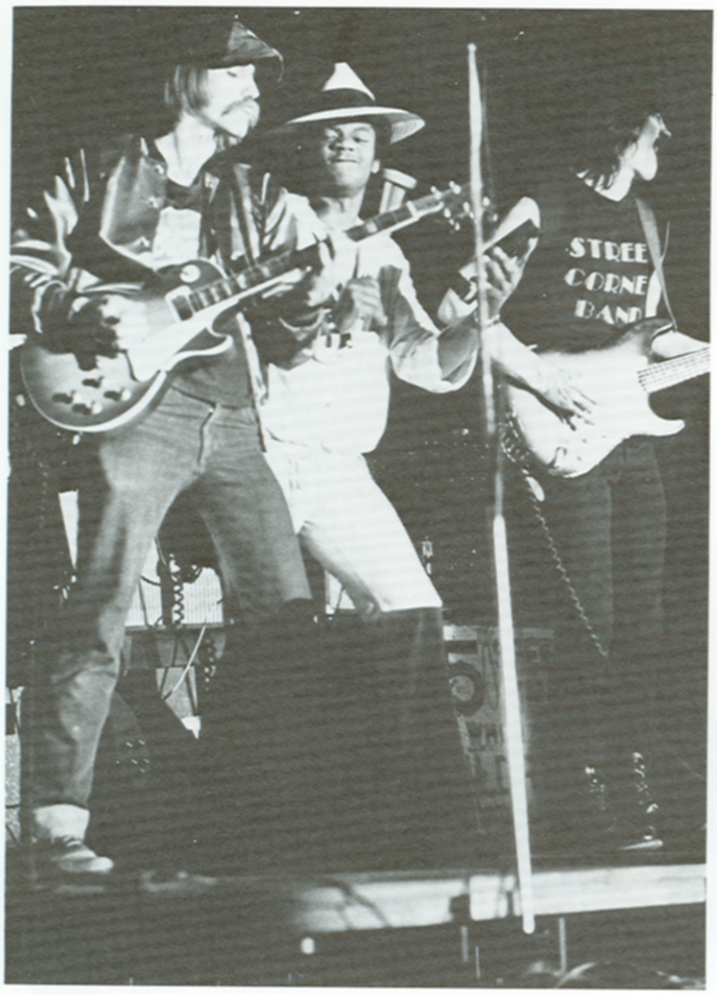

PAWN

For a little relaxation and a place to eat and chat, students gather at the Pawn. For some mellow music, drop on down Friday and Saturday evenings.

SNOWDAZE

Snodaze was the theme for this years Winter Carnival. Many events took place—Skit Night, the coronation of the queen, and a concert by the group Bad Boy.

DEBATE

Giving speeches and debating earned these students honors during the Forensics Contests in the fall of 1977. Talent plus hard work equals success.

UPTOWN

Looking for people, action and a good time? Uptown is just where you'll find it. All over you'll see people dancing, playing foosball and pool, and just having an all-around great time.

NICHE 1

Down to earth and fun to brouse around in are our quaint boutiques, Niche 1 and Niche 2, located on the third floor of the Home Ec. building.

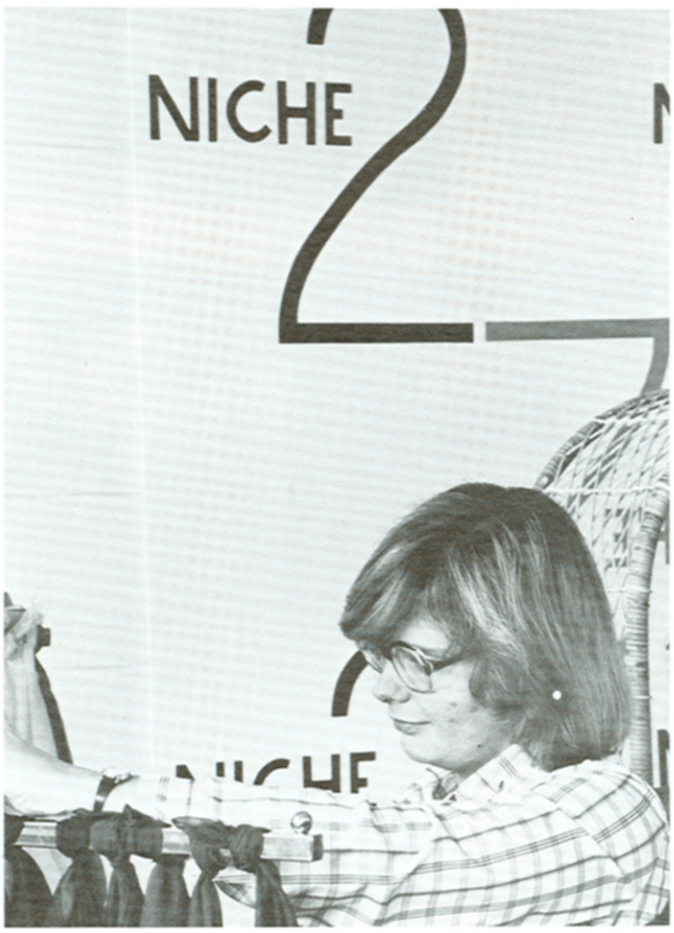

NICHE 2

NEW POINTERS FOR THE FOOD SYSTEM

The beginning of the 1977 school year saw a change in its food system. Computerized food I.D.'s replaced the food coupons. The only change second semester was that the value of one point went to 5¢ instead of 25¢, so students have found this system to be a lot less of a hassle. And at the end of the fall semester and into 1978, students were allowed to use their food I.D.'s in the bookstore.

THE SERPENT

"The Serpent," by Jean Claude-von Itallie was presented by the Stout University Theatre. In the play von Itallie mingles Biblical material with the assassinations of John F. Kennedy and Martin Luther King. He suggests that the Serpent is the impulse within man that makes him break the limits set on him, whereas God is an idea invented by man to set limits on himself.

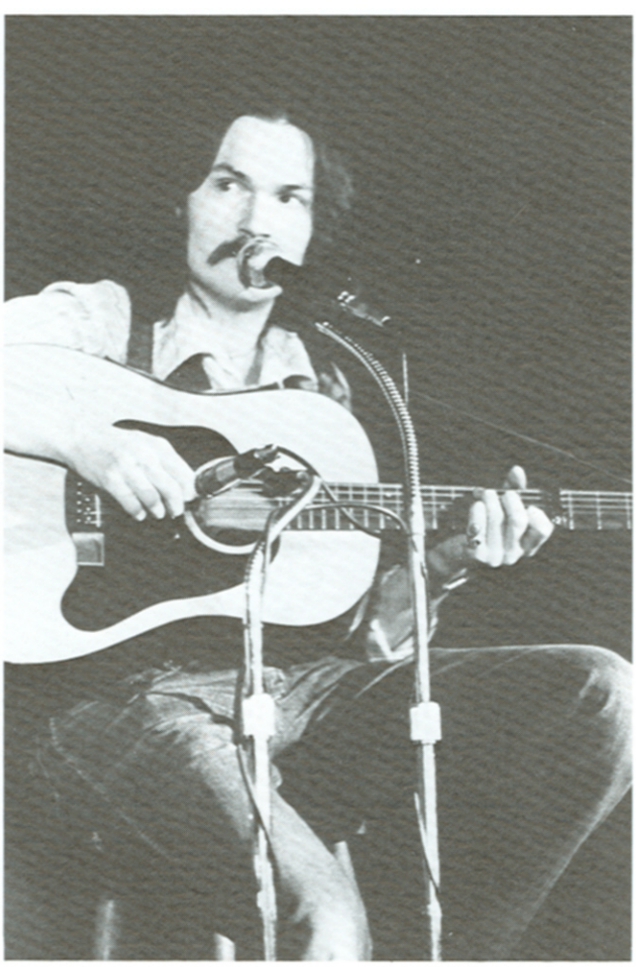

THOSE WERE THE DAYS. . .

Stout had its first Nostalgia week which included things such as a 40's fashion show, a sock hop, music from the Depression, and a display of Elvis memorabilia.

ELVIS

CORNER III

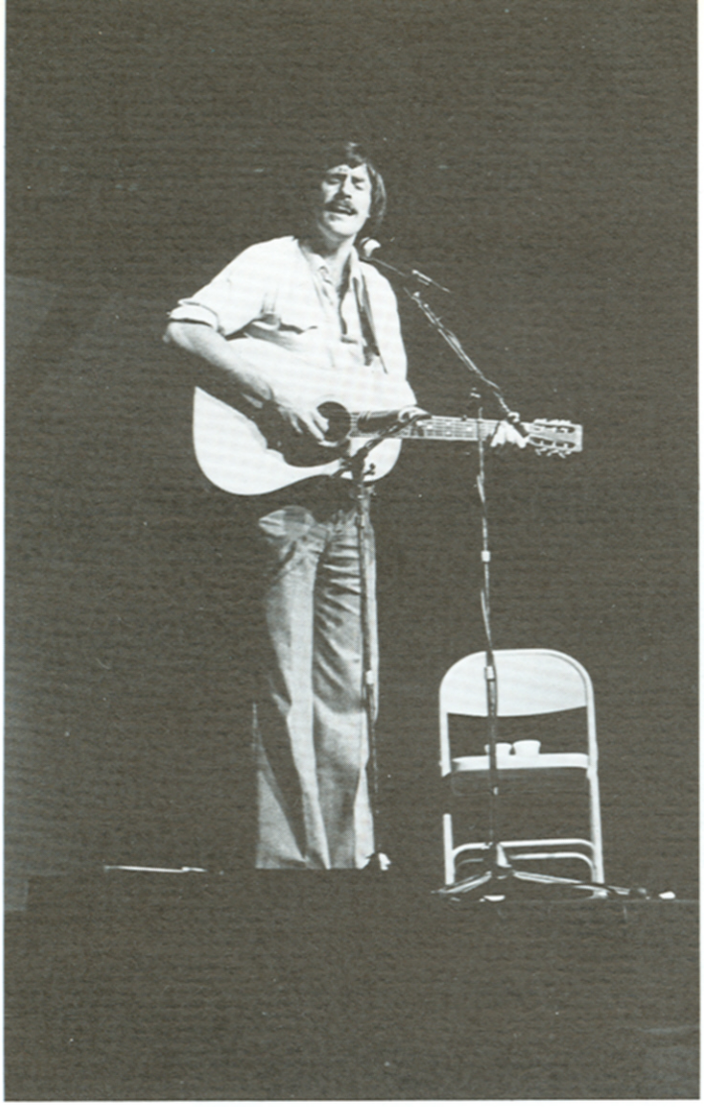

When you want to dress up, dine in style, eat a great meal, and not spend too much money, where do you go? Corner 3, where else!

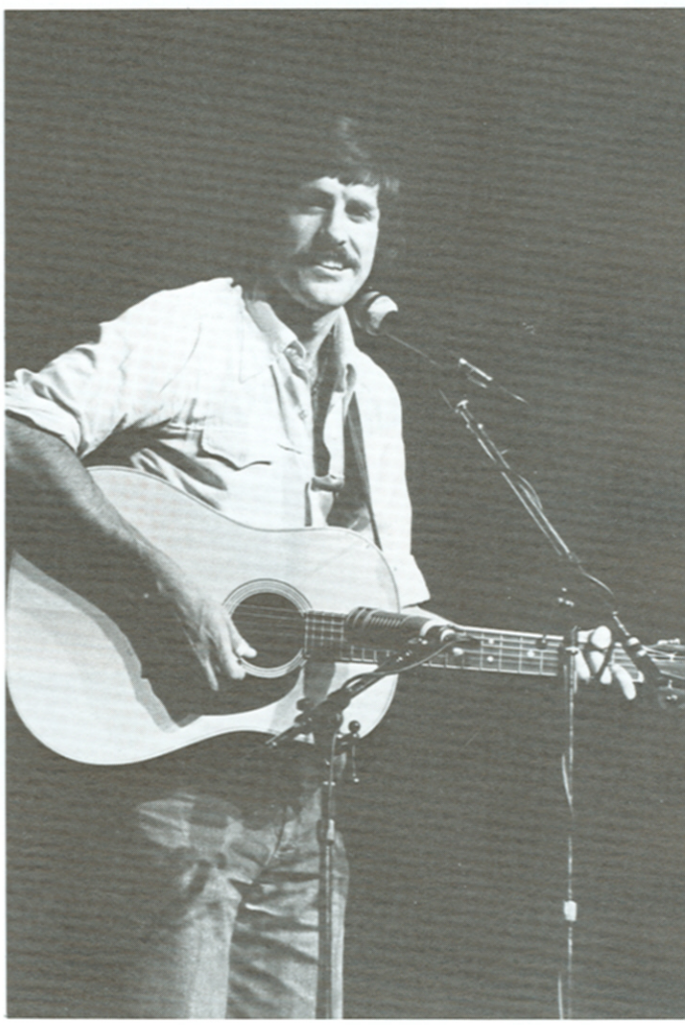

TOM CHAPIN

Tom Chapin, an exciting and moving musician. His concert this year was presented in the field house to more than one thousand. He had each and everyone in the palm of his hand. The comedy team Curley and Edmonds performed also.

PREREGISTRATION

Preregistration—a surprise! Elements of hang ups, hold ups, and give ups. The biggest surprise seems to come when all the class cards are in your hand. You finally made it through preregistration.

SING NOEL

The spirit of Christmas came alive early this year when the music department gave its annual Christmas concert. Carols from all over the world were sung; a special treat was the appearance of Santa Claus.

JOYOUS NOEL

Christmas means many things to many people. Familiar things to the people of Menomonie were the street decorations, the familiar carols, and all the snow.

MERRY Christmas &
HAPPY NEW YEAR!

MINISTRY

The Ministry, a vital part of the Stout Community, is always there to spread the word of God and help you in times of need.

NOW FOR THE NEWS

Our student run radio station, WVSS, brings everyday, up-to-date news and music that you want to hear.

STOUTONIA

The Stoutonia, published every Thursday, informs the students of the latest campus news along with editorials, entertainment, sports, ads, and other odds and ends.

SSA

Stout Student Association, advised by Dean Wood, is the governing body of Stout students. Their responsibility includes financing of student activities and trying to fulfill the wishes and needs of the student body.

TOWER

A small, but productive, Tower staff this year worked to put together memories to look back on in years to come.

WOT

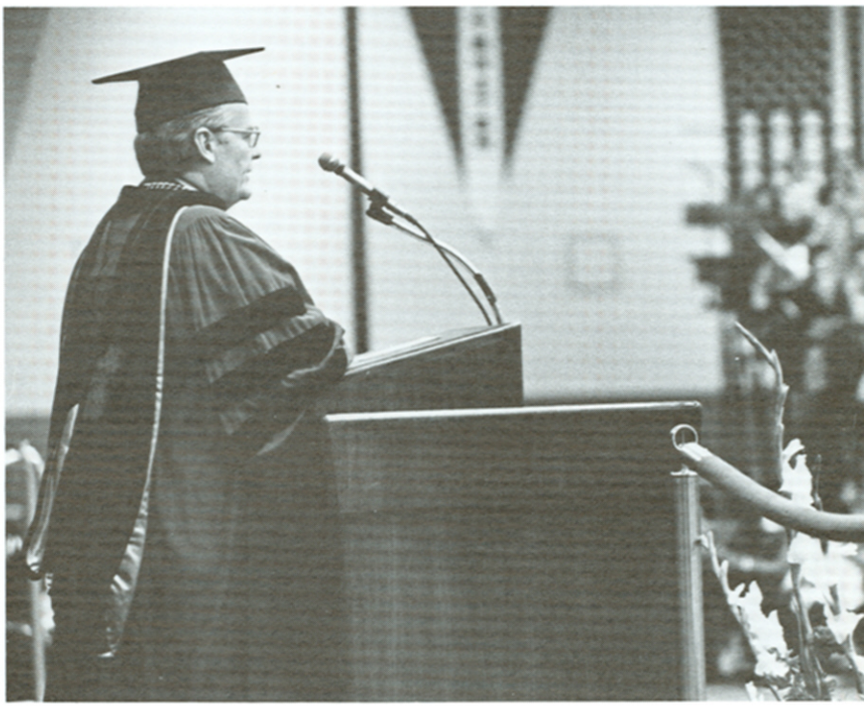

GRADUATION '77

That moment that we've strived for is finally here. Good times and good friends won't be forgotten though. There's still more in store. Look out world, here we come!

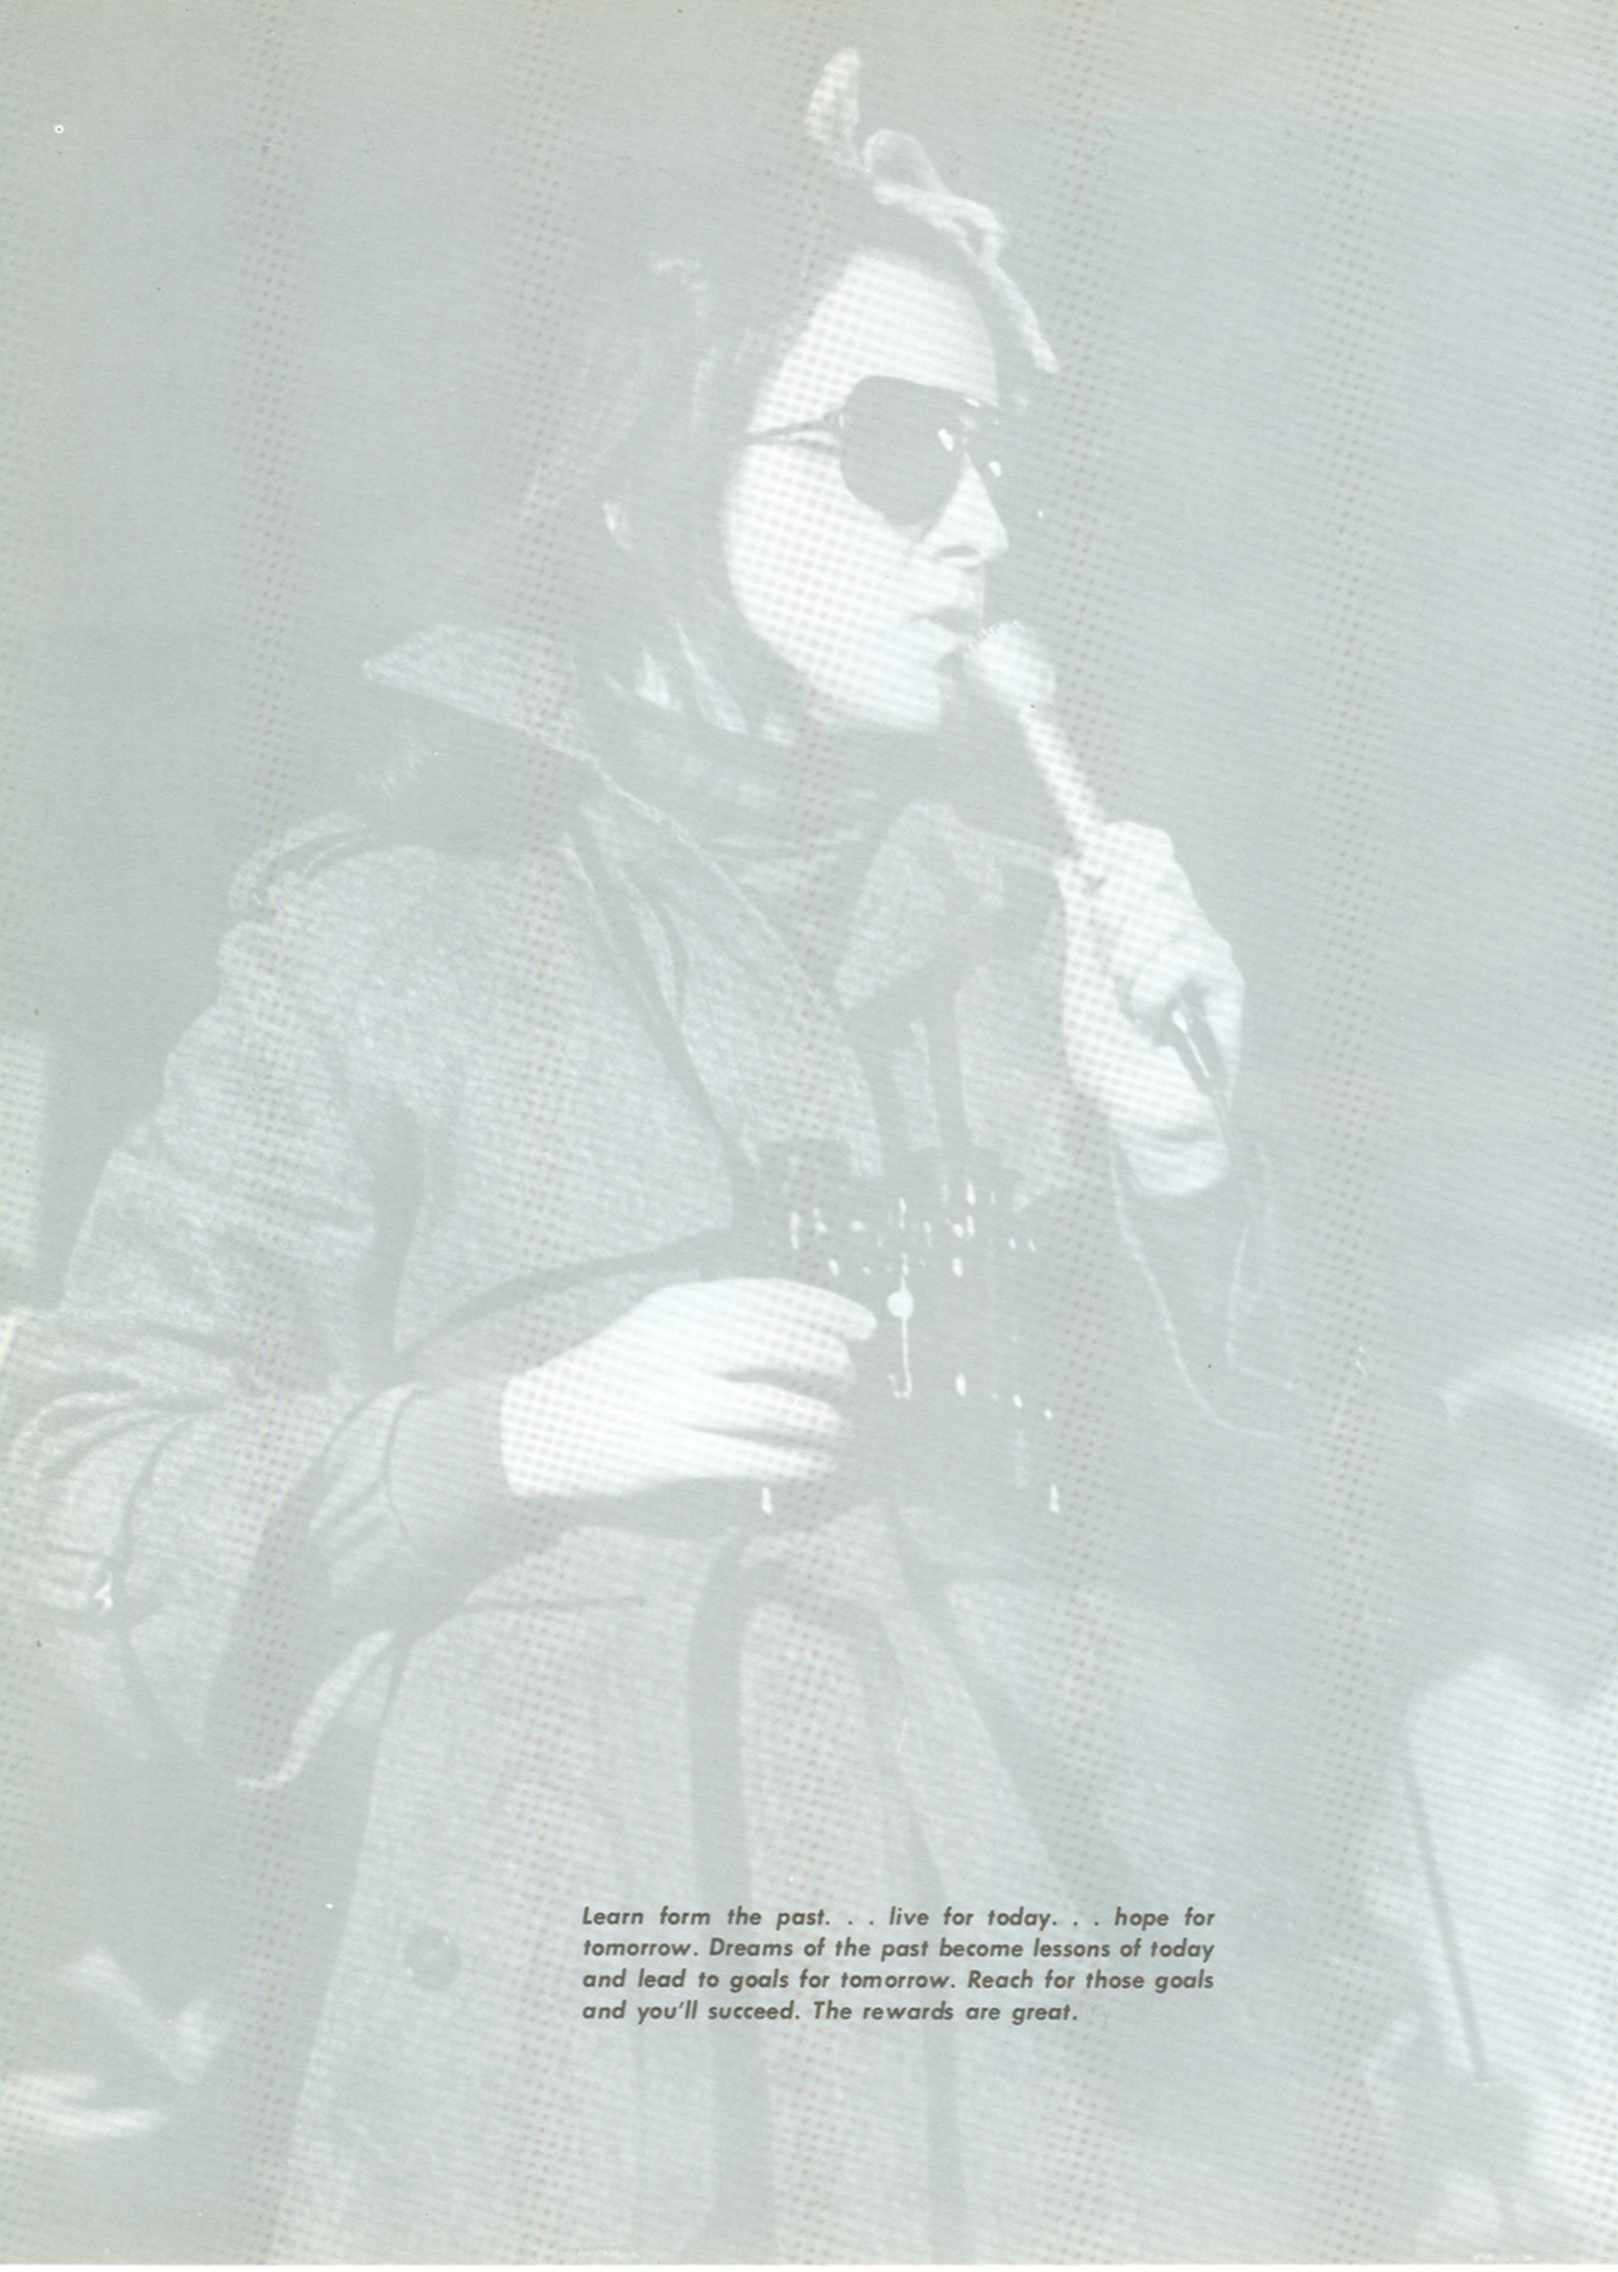

Learn form the past. . . live for today. . . hope for tomorrow. Dreams of the past become lessons of today and lead to goals for tomorrow. Reach for those goals and you'll succeed. The rewards are great.

ZURN, T. Psychology, B.A.; Resident Advisor, Biofeedback Technician.

The World Around Us

1974

By 1974 the United States was making moves to adjust to a milieu of seeming crises. The Alaskan pipeline was approved, Kissinger's negotiations in the Middle East finally resulted in an accord, while the Republican Administration was increasingly under fire in the Watergate investigations. Americans were horrified at the kidnapping of Patty Hearst and amazed at the resignation of Nixon's top aides, and also intrigued by Mariner 10's fly-by of Mercury, Hank Aaron's 715th home run, and Russia's deporting of Solzhenitsyn. In July, the American political crisis came to a head with the subpoening of Nixon's tapes, his resignation in August, and Ford's pardon in September. Finally, Ford approved private ownership of gold and the Oil Embargo was lifted.

The World Around Us

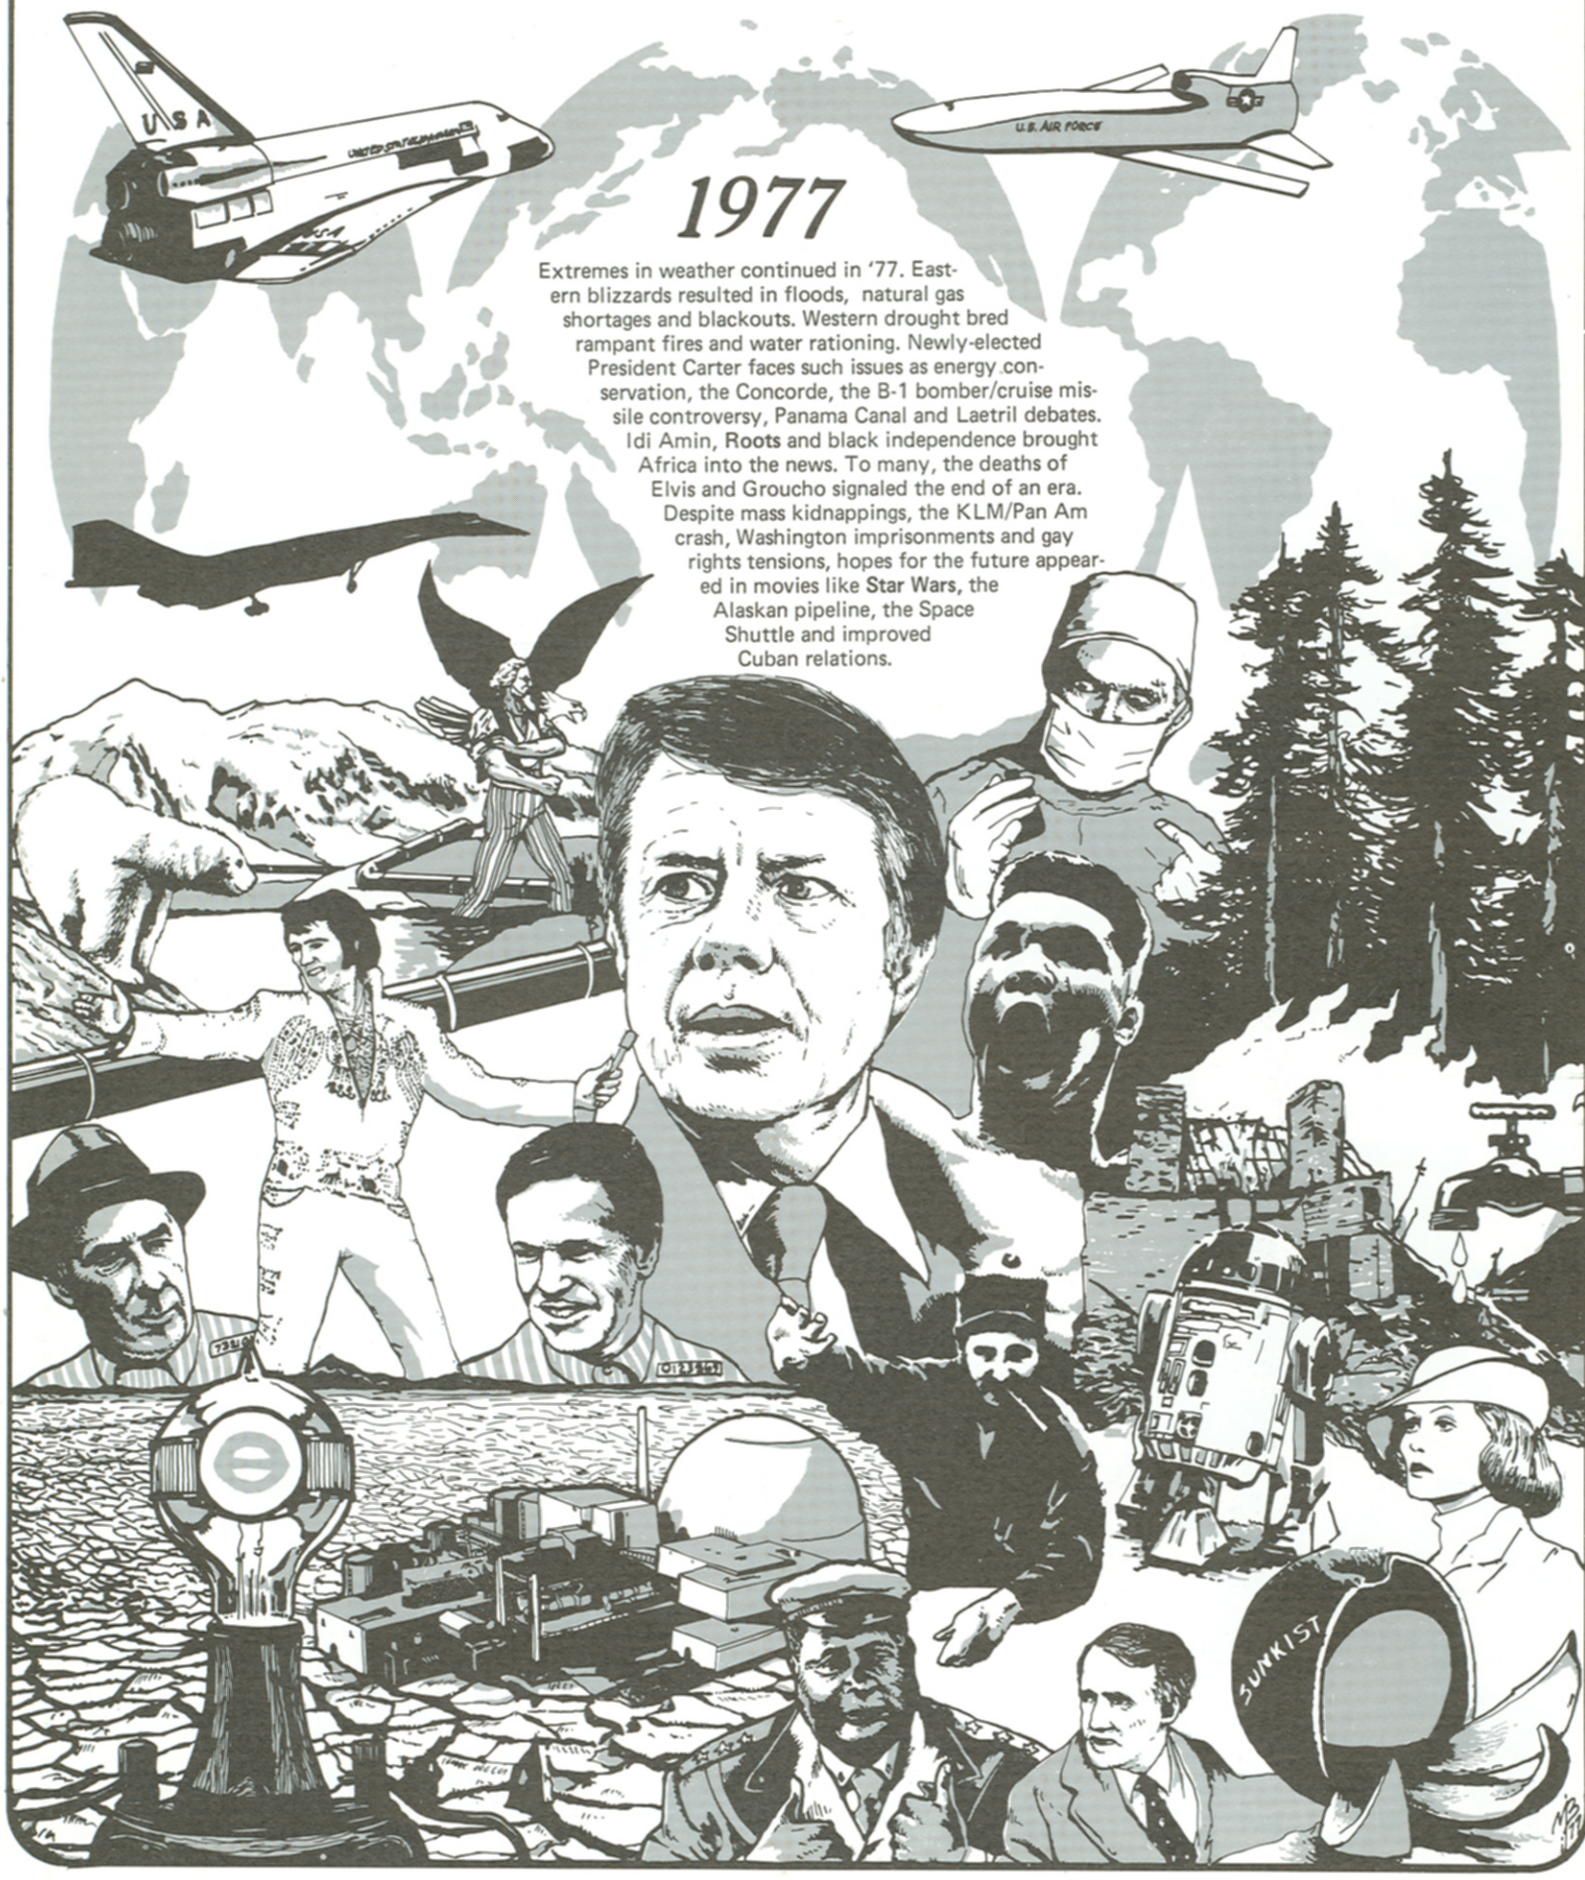

The World Around Us

1976

America demonstrated its capacity to adapt in 1976. Old faces reappeared and new faces stepped forward to provide new hopes. The Winter Olympics, Surveyor's Mars photos, the national political conventions and the election of Jimmy Carter dominated the news and TV screens. The U.S. began to celebrate our 200th birthday. Marijuana was decriminalized in California, a new investigation of the Kennedy and King assassinations was begun, and in Congress a new scandal began as a result of Elizabeth Ray's revelations. Meanwhile, old faces made one last appearance as Eldridge Cleaver returned to the U.S. for trial, Mao died in China, and King Kong returned to New York in an oil tanker.

The World Around Us

1977

Extremes in weather continued in '77. Eastern blizzards resulted in floods, natural gas shortages and blackouts. Western drought bred rampant fires and water rationing. Newly-elected President Carter faces such issues as energy conservation, the Concorde, the B-1 bomber/cruise missile controversy, Panama Canal and Laetril debates. Idi Amin, **Roots** and black independence brought Africa into the news. To many, the deaths of Elvis and Groucho signaled the end of an era. Despite mass kidnappings, the KLM/Pan Am crash, Washington imprisonments and gay rights tensions, hopes for the future appeared in movies like **Star Wars**, the Alaskan pipeline, the Space Shuttle and improved Cuban relations.
